OUR POWER, OUR VOICE, OUR CONTROL!

SheStories Blog

The screenshot shows a Microsoft Teams meeting window. On the right, there is a video feed of a woman with braided hair, identified as Cassandra Esperant. On the left, a presentation slide is displayed. The slide has a red background and features a blue lock icon with arrows pointing to it, followed by the text 'BLACK WOMEN AND HIV'. Below the title, it says 'CASSANDRA ESPERANT PHARMD, AAHIVP' and 'INSTAGRAM: THEPREPANDHIVPHARMACIST'. At the bottom of the slide, it says 'Amy DiMauro'. The Teams interface includes a toolbar with options like 'Start Slide Show', 'Print to PDF', 'Comments', and 'Help'. The top of the screen shows several open tabs, including 'Post Attendee - Zoom', 'WBA Worldwide | DivX', 'Your session has expired', 'Universal Profile - Transcriber', and 'HACS: Health Taskforce'.

PrEP 4 Women

**PrEP In
BLACK
AMERICA**

"We can't say PrEP is a success in America until Black America has benefited from it."

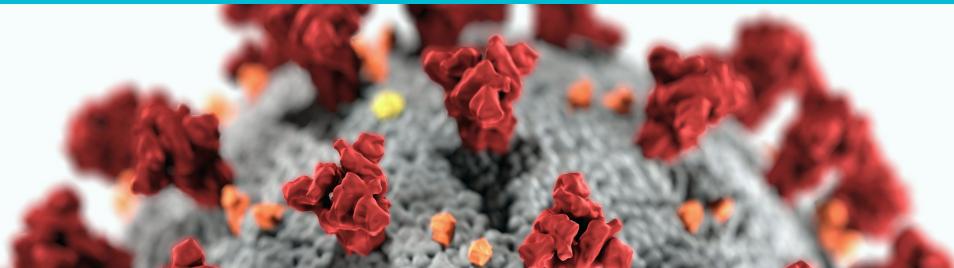

- Leisha McKinley-Beach
National HIV Consultant & Advocate

e to HIV I Plan

- Linkage to care is the first step in engaging in HIV care and is typically defined as completion of a first medical clinic visit within 30 days after an HIV diagnosis.
- For persons newly diagnosed with HIV, ensuring rapid linkage to care and initiation of antiretroviral therapy, ideally within 7 days, is a key pillar of the national initiative to End the HIV Epidemic: A Plan for America.
- Use of case managers and patient navigators to increase linkage to care
